Details of Audit Qualification	We draw attention to Note no. 3(b) of the Statement which describes that the Company had not created any provision for expected credit loss towards the guarantee provided w.r.t loan availed by one of the subsidiaries, i.e PVP Capital Limited from a bank. The aforesaid guarantee has been invoked in the current year. This is contrary to the requirements of Indian Accounting Standard – 109 – Financial instruments prescribed under the Rules. This has led to overstatement of previous year profits, understatement of current year profits and overstatement of retained earnings as at 1 April 2021 and 1 April 2022. However, we are unable to quantify the amounts on account of non-availability of management assessment of provisioning and related approvals/documentation etc. In the absence of the same, the Management has not performed a restatement of the previous year results as required under Ind AS 8 – “Accounting Policies, Changes in Accounting Estimates and Errors”.

If management is unable to estimate the impact, reasons for the same	The Company was in the process of evaluating / assessing the need to incur the said liability i.e. liability on invocation of the Corporate Guarantee and hence no provision was created. However, upon incurring the actual liability and making the payment in the current year, the same has been recorded appropriately in the books as a result the balances as on 31 March 2023 has been set right.
