Review of Operations

The Company is yet to recover from the unprecedented global meltdown in real estate market and macroeconomic environment of the last financial year. However, as per the independent valuation, the estimated value of its Perambur land is around Rs. 700 Crores. Further, during the last year, PVP Corporate Parks Private Limited ("PVPCP"), a wholly owned subsidiary of the Company sold Vadapalani property at Chennai to M/s. SRM University for a sale consideration of Rs. 140.04 Crores. The sale proceeds thereof was utilised to pay off the debts of the secured creditors (Banks) and other financial commitments of PVP Group. Further, during the year, PVPCP sold few floors of KRM Centre, Chennai to repay the debts of a secured creditor. However, the Company is considerably deleveraged with minimal debt and high quality asset base.

Perambur Project

The Perambur project of the Company is expected to receive all the necessary approvals very soon and may be launched within the current fiscal year.

Investments in Malaxmi Energy Ventures

The Company, through its subsidiary and associate, had invested in excess of Rs. 15 Crores in Malaxmi Energy Ventures (India) Private Limited ("MEV") with the main understanding/agreement that its stake in Navabharat Power Private Limited ("NPPL") would be vested with the

Company, either by way of merger or acquisition. Your Directors inform the members that the Company made these investments to fund the project related expenses and working capital requirements of MEV and NPPL, at the time when the global and Indian economy were under financial distress. However, the promoters of MEV, inspite of PVP Group having pledge over 100% of shareholding of MEV, had fraudulently sold their stake in NPPL to a third party. The Company has approached the Court(s) seeking appropriate legal remedy(ies) against MEV, its promoters and NPPL.

Dividend

In view of the losses of the Company, no dividend has been recommended by the Board for the financial year 2009-10.

Conversion of FCDs held in PVP Energy Private

During the year, the Company converted 54,104 Fully Convertible Debentures of Rs. 1,00,000 each held in its 100% subsidiary company, PVP Energy Private Limited (formerly known as PVP Malaxmi Energy Ventures Private Limited) into 45,92,869 fully paid up equity shares of Rs. 10 each at a premium of Rs. 1168/- per share.

Management's Discussion and Analysis

Forward-looking Statements

Statements in this Management Discussion and Analysis may contain forward-looking statements, which may be identified by their use of words like 'plans', 'expects', 'will', 'anticipates', 'believes', 'intends', 'projects', 'estimates' or other words of similar meaning. These statements are based on certain assumptions and expectations of future events. The Company cannot guarantee that these assumptions and expectations are accurate or will be realised. The Company's actual results, performance or achievements could thus differ materially from those projected in any such forward-looking statements. The Company assumes no responsibility to publicly amend, modify or revise any forward looking statements, on the basis of any subsequent developments, information or events. Important developments that could affect the company's operations include a downtrend in the real estate sector, significant changes in political and economic environment in India or key financial markets abroad, tax laws, litigations, exchange rate fluctuations, interest and other costs.

Overview FY 2009-10

In 2009-10, the world and Indian economy started showing signs of a gradual recovery from the ill-effects of the worst ever financial turmoil and recession seen in recent times. The pace of economic growth has slowed down across the world in the last couple of years. However, the Indian economy and other developed nations has shown a relatively higher growth. However, challenges of sustainability of growth in a government aided, credit constrained and high unemployment environment still remain.

The Company was also affected by the financial crisis as its real estate projects got delayed and fund raising initiatives were also hit. Due to the liquidity crisis, the Company's subsidiary sold few of its properties to repay its secured creditors and to fund operating expenses of the Group.

Future Outlook, Industry structure and development

The Indian Real Estate market, particularly the residential asset class, is showing some signs of recovery recently. Also, our economy is being driven by strong fundamentals, demographic features and a stable and pro-reforms Indian Government. However, the rising inflation is a main worry for the public and the government.

However, despite these challenges, the Company is optimistic about the real estate and energy sector in India. Power is the critical infrastructure on which the socio-economic development of any country depends. The Company is optimistic about its endeavours in the energy sector and hopes that its efforts bear some result.

Challenges, Risks and Concerns

The real estate sector has been severely impacted due to the economic slowdown and rising costs of funds. However, there are certain key challenges and risks that need to be actively monitored and mitigation steps to be taken as and when required, like rising rate of interest, increase in cost of materials, unclear land policy, lack of desirable progress in infrastructure development and Implementation of new Direct Tax Code, newer regulations to control the industry by the Government.

This sector requires large amount of funds for investment which has further brought the sector under pressure. Slowdown in industry generally and specifically to IT Industry and job losses had adverse impact on the sector. Difficulty in getting finance at reasonable cost may hamper the business. Due to volatility in economic conditions investors may not be interested to invest in this sector. While these concerns are valid to some extent, the Company believes that large real estate players will be able to control the situation because of their skills, competencies, professional management and demand supply gap.

The Company is proactively committed to mitigate the risks and concerns of the business. Some of the risks that may be faced by PVP are as follows:

<u>Market recession:</u> Due to challenging market conditions, the projects of PVP might encounter fall in demand. To mitigate this risk, we have prepared road maps to diversify into energy sector and infrastructure development.

<u>Project execution:</u> To mitigate risks associated with project execution, we have joined hands with Unitech Limited and Arihant Foundations to construct, develop and market the Perambur Project.

<u>Regulations:</u> We also face risks associated with not meeting statutory regulations. To mitigate this risk, we have a compliance system to ensure legal, tax and other regulatory compliance for the Company and other group entities.

<u>Human resources:</u> We strongly believe that our growth is dependent on the capabilities of our people. During the year, the Company has rationalized its workforce consequent to the downturn in the economy. However the Company continues to develop and retain the best available talent.

Financial resources: Our past track records for fund raising are very encouraging and the management enjoys great rapport with the Investors community.

PVP VENTURES LIMITED

AUDITORS REPORT TO THE MEMBERS OF PVP VENTURES LIMITED

- We have audited the attached Balance Sheet of PVP Ventures Limited as at 31st March 2010, the Profit and Loss Account and also the Cash Flow Statement for the year ended on that date annexed thereto. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.
- We conducted our audit in accordance with the auditing standards generally accepted in India. Those Standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.
- 3. As required by the Companies (Auditor's Report) Order, 2003 issued by the Central Government of India in terms of sub-section (4A) of section 227 of the Companies Act, 1956, we enclose in the Annexure a statement on the matters specified in paragraphs 4 and 5 of the said Order.
- Attention is drawn to Note No 4 in Schedule 15 to the financial statements regarding preparation of financial statements on a going concern basis. The Company has been incurring cash losses for the last 4 years as there is no significant business income to meet the operating and administration expenses. The interest due on debentures of Rs. 123.58 crores has been waived for the current and previous years by the holding company. The Company's ability to service its debts and continue as a going concern is dependent on the successful implementation of the project referred in the Note. These conditions along with other matters as set forth in the Note, indicate the existence of a material uncertainty that may cast significant doubt about the Company's ability to continue as a going concern.
- 5. Further to our comments in the Annexure referred to in paragraph 3 above, we report that:
 - (i) We have obtained all the information and explanations, which to the best of our knowledge and belief were necessary for the purposes of our audit;
 - (ii) In our opinion, proper books of account as required by law have been kept by the Company, so far as appears from our examination of the books.

- (iii) The balance sheet, profit and loss account and cash flow statement dealt with by this report are in agreement with the books of account;
- (iv) In our opinion, the balance sheet, profit and loss account and cash flow statement dealt with by this report comply with the accounting standards referred to in sub-section (3C) of section 211 of the Companies Act, 1956.
- (v) On the basis of written representations received from the directors, as on 31st March 2010 and taken on record by the Board of Directors, we report that none of the directors is disqualified as on 31st March 2010 from being appointed as a director of the Company in terms of clause (g) of sub-section (1) of section 274 of the Companies Act, 1956;
- (v) In view of the significant losses made by the companies in which investments have been made and advances have been given and also in view of the significant down-turn in the real estate sector, we are unable to quantify the exact provision required for the following:
 - (a) diminution other than temporary, if any, in the carrying value of the Company's long term investments in the form of equity shares and debentures aggregating to Rs 247.42 crores
 - (b) long pending advances to subsidiaries aggregating to Rs 187.29 crores and other bodies corporate aggregating to Rs 8.53 crores.

In view of the above, we are unable to express an opinion on whether the said financial statements together with the notes thereon and attached thereto, give the information required by the Companies Act, 1956 in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India:

- (a) In the case of the balance sheet, of the state of affairs of the Company as at 31st March, 2010;
- (b) In the case of the profit and loss account, of the loss of the Company for the year ended on that date; and

Notes to Accounts

2. Contingent Liabilities

- a) The Company, in July 2009, had received Income Tax assessment orders and demand notice assessing it as an agent related to the interest income alleged to be accrued on the FCDs issued to Platex Limited, the Debenture Holder. The demand raised by the IT department is of Rs. 25.13 crores. The Company has filed an appeal against this order and is awaiting further developments on this matter.
- b) PVP Ventures P Ltd. booked an interest income of Rs. 10.62 crores from debentures subscribed to its subsidiaries, NCCPPL and PEL, during the FY 2006-07. However, since it had corresponding interest expense to Platex and other related expenses, it showed this income as a reduction from the Preoperative expenditure. No P&L A/c was prepared for the FY 2006-07 and a NIL return was filed. The AO assessed the above mentioned income as taxable and raised a demand of Rs. 4.73 crores in an order passed in Jan 2010. The Company has filed an appeal against this order and hearings are awaited.
- Investments aggregating to Rs. 49,724.10 Lakhs (2009: Rs. 79,724.05 Lakhs) (net of provisions) in its subsidiary companies and other bodies corporate and advances (net of provisions) aggregating to Rs. 19554.83 Lakhs (2009: Rs. 38,740.91 Lakhs) extended to subsidiaries and Rs. 806.36 Lakhs (2009: Rs. 1,142.12 Lakhs) to other bodies corporate. Further, as at March 31, 2010 the Company has goodwill amounting to Rs. 12,144.12 Lakhs (2009: 13,662.04 Lakhs) which represents the excess consideration paid by the Company over the net assets acquired of erstwhile PVP Ventures Private Limited, under the Scheme of Amalgamation in 2008. The management is of the opinion that the value of the above mentioned investments, advances and goodwill is represented by the assets held by the respective entities.
- 4. The Company carried out independent valuation of its land at Perambur at Chennai in the month of January 2010, the valuer estimated the value of the land to be Rs.692.95 crores. The Company had entered into a joint development agreement for this land with a consortium of Unitech Limited and

Arihant Foundations and Housing Limited. There has been some progress in the project subsequent to the year end and the Company expects to start receiving cash flows from the year ended March 31, 2011. Considering these factors and the expected future cash flows, the Company has prepared these accounts on a going concern basis.

- 5. Pursuant to the merger of erstwhile PVP Ventures Private Limited with the Company, goodwill amounting to Rs. 15,179.21 Lakhs, representing the excess of consideration paid over the net assets acquired, had been accounted for in the books of account. As per the terms of the Scheme of Amalgamation, the goodwill has to be set off against the reserves of the Company in a phased manner over a period of ten years beginning April 1, 2008. Accordingly, goodwill of Rs. 1517.92 Lakhs has been amortized during the year directly to Profit & Loss Account below the line.
- During the year, in view of the distressed financial condition of the company, Platex Ltd., the Holding Company has waived the interest receivable on debentures issued to it by the Company. Auditors' Report to the Members of PVP Ventures Limited on the Consolidated Financial Statements

То

The Board of Directors of PVP VENTURES LTD

We have audited the attached consolidated Balance Sheet of PVP VENTURES LTD ('the Company') and its subsidiaries (collectively called 'the PVP Group') as at March 31, 2010, the consolidated Profit and Loss Account and the consolidated Cash Flow Statement for the year ended on that date, annexed thereto. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

- 1. We conducted our audit in accordance with the auditing standards generally accepted in India. Those Standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatements. An audit includes examining, on a test basis, evidence supporting the amounts and disclosure in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by the management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.
- 2. We did not audit the financial statements of the subsidiaries, whose financial statements reflect total assets of Rs.120.08 crores as at March 31, 2010, total revenues of Rs. 0.01 crores and total net cash inflows of Rs 0.06 crores for the year ended on that date as considered in the consolidated financial statements. These financial statements have been audited by other auditors whose reports have been furnished to us, and our opinion, in so far as it relates to the amounts included in respect of these subsidiaries, is based solely on the report of the other auditors.
- 3. We report that the consolidated financial statements have been prepared by the Company's management in accordance with the requirements of Accounting Standards (AS) 21, Consolidated Financial Statements, as mandated by Companies (Accounting Standards) Rules 2006 and on the basis of the separate audited financial statements of PVP Ventures Limited and its subsidiaries.
- Attention is drawn to Note No 11 of Schedule 16 for impairment of goodwill on consolidation arising out of opening balance differences which has been charged off to opening profit & loss account balance.
- On the basis of the information and explanations given to us and on consideration of the separate audit reports on individual audited financial statements, of PVP ventures Limited and its subsidiaries and in view of

- a) not crediting the profit on sale of fixed assets Rs 32.11 crores to profit & loss account and not providing income tax liability of Rs 5.29 crores on the same and the impact of this is to overstate the losses by Rs 26.82 crores
- b) the significant losses made by the companies in which investments have been made and advances have been given and also in view of the significant downturn in the real estate sector, we are unable to quantify the exact provision required for the following:
 - i. impairment, if any, in the carrying value of Goodwill on consolidation of subsidiaries amounting to Rs 162.16 crores
 - ii. diminution other than temporary, if any, in the carrying value of the Company's long term investments in the form of equity shares and debentures aggregating to Rs 138.49 crores
 - iii. long pending advances to other bodies corporate aggregating to Rs 10.03 crores
- c) Payment of managerial remuneration of Rs 2.73 crores to the Chairman and Managing Director of one of its subsidiary company without obtaining Central Government approval has been reversed and shown as receivable from him as explained in Note No. 7 of Schedule 16. Amounts if any payable / receivable from him are not ascertainable as it is under negotiation.

On the basis of the information and explanations given to us and on consideration of the separate audit reports on individual audited financial statements, of PVP Ventures Ltd and its subsidiaries, in our opinion, the consolidated financial statements do not give a true and fair view in conformity with the accounting principles generally accepted in India:

- (i) in the case of the consolidated Balance Sheet, of the state of affairs of the PVP Group as at March 31, 2010;
- in the case of consolidated Profit and Loss Account, of the loss of the PVP Group for the year ended on that date; and
